

Build-A-Bike Team Building Event

Join NSCA and fellow industry folks in a Build-A-Bike Team Building event! Sponsored by alliantgroup.

As part of this year's Pivot to Profit conference, we're engaging in a charity bike-building workshop.

How It Works:

- Each team will be provided with the parts and tools to build brand new bikes
- Your team will have to use problem solving and teamwork to get these bikes on the road!
- The bikes made will be given to a local charity, the **Joseph B. Whitehead Boys & Girls Club of Metro Atlanta**

The Build-A-Bike event is a great way to network and meet new colleagues
